

CZHub: Data Sharing Quick-Start Guide

Click on the [links](#) within each section below to access detailed resources.

1 Share Your Data

To contribute your data to CZNet, **visit the [Data Submission Portal](#)** and follow the guidelines provided.

- ▶ Explore the [Data Submission Portal Quick Start Guide](#) for detailed instructions.
- ▶ Watch the [Tutorial Video](#) for a visual walkthrough.

2 Manage and Share Specific Types of Data

To **manage and share** specific types of data, visit [Data Best Practices](#).

- ▶ [Time Series Data](#)
- ▶ [Registering Samples](#)
- ▶ [Multiple Data Types](#)
- ▶ [Geospatial Data](#)
- ▶ [Sample Data](#)

3 Choose the Right Repository

The [Repository Recommendation System](#) can help you decide which repository to use for your data. Current supported repositories include:

- ▶ [Earthchem Repository](#)
- ▶ [SESAR Repository for Registering Samples](#)
- ▶ [HydroShare Repository](#)
- ▶ [Zenodo Repository](#)

4 Discover CZNet Data

Explore existing CZNet data at the [Discovery Portal](#).
